LAURENCE ROGERS WRITES

Welcome to our final WSRA League match of the season as we face the Leicester Lion Cubs, who defeated us the Derbyshire-Leicester Trophy earlier in the season. It is also our final home meeting of the season. If you look at the league table it is so close behind champions Edinburgh with any one of five teams who could finish from runners up to wooden spoonists!

WE WISH TO ANNOUNCE THAT WE WILL DEFINITELY BE BACK IN 2027 IN WHATEVER FORMAT THERE IS AT NATIONAL LEAGUE LEVEL!

We were away at Oxford on Friday so we will update you on how we fared there today as printing schedules this weekend prevent us from including details.

Last Sunday , except for a quick shower before the semi finals , we had a dry day despite various weather forecasts predicting rain. This kept the crowd down but those who missed it lost out on a great afternoon's racing. We held off watering the track till after 2 as a shower was predicted that never came but the track was superb –if not the best it has ever been with John Roberts , Shaun Tedham and Sid Compton deserving the plaudits for preparing a great track.

We were denied though the big showdown in the final between Alfie and Jason Garrity with Jase excluded for moving at the start with already had a warning. This was a great pity as an Alfie v Jase battle would have been a fitting ending to what proved a good afternoon.

A big thank you to my good friend BLAYNE SCROGGINS for being the meeting sponsor. He is back with us today as co-meeting sponsor along with Stuart Hole from WAYSIDE FARM. Blayne has put a thank below and we are already discussing his sponsorships for 2027.

The riders are sponsored for their fuel today by PETER SELLERS as GJPDS and his logo is elsewhere in today's insert which has the original programme included from the postponed meeting.

Also backing the Bulls today is DAVE CARTER , who sponsors heat 1 in the programme ..thanks for your valued support.

It is refreshing that so far most of our 2026 sponsors and advertisers are back on board but we will be out and about finding more backers for 2027 and if you are interested email us : commercial@buxtonspeedway.co.uk

With Will sidelined with his broken collarbone last week I took a good look at several riders who could come in for him. We used Harrison Rogers at Oxford Friday and today Bailey Fellows get his chance having had three early season outings at reserve.

Today we hold the annual collection for the Ben Fund. They do an amazing support for injured riders both short term and long term. Without their support many riders would financially be in a poor place ..SO PLEASE GIVE GENEROUSLY FOR THIS WORTHWHILE CHARITY.

From me thank you to everyone involved at Buxton Speedway especially our sponsors, investors and my fellow directors Tony and Melvyn Hipkiss without whom there wouldn't have been Buxton Speedway.

To my riders thanks ... you have been great to work with.

See you all in 2027 !!

Laurence

FROM BLAYNE SCROGGINS:

This is my final meeting of the season and I just wanted to say thank you to Laurence and the amazing staff at Buxton. It's been a pleasure and a honour to be able to help out with some sponsorship for Buxton on their return to racing and look forward to being onboard for 2027.

SPEEDWAY RIDER'S BENEVOLENT FUND

The Speedway Riders' Benevolent Fund or "Ben Fund" as it is known was formed in 1948 by Lieutenant Colonel Reginald Vernon Charlesworth Brook OBE, Sir Arthur James Elvin MBE, Managing Director of Wembley Stadium Ltd, and Major Cecil Laurence Smith, Managing Director of London Motor Sports Ltd., with an investment of £6179.

The Fund was registered as a Charity for the purpose of assisting British Speedway Racers, their dependants and family, following serious or life-changing Speedway related accidents.

Over the years the Fund, which is now regulated by The Charity Commission, has evolved and its main purpose is to benefit former Speedway Riders, Current Speedway Riders, and their families, following serious or life changing injuries whilst racing for a British Speedway Club or representing Great Britain at International Level Speedway.

The Fund can assist in many ways for example necessary home adaptations to allow wheel-chair access etc., Medical Equipment, Specialist Care, Financial Support and the General Welfare and Wellbeing of those who have suffered life changing injuries, as deemed fit and proper in deserving cases.

Great Britain is the only Speedway Nation in the World to have a specific charity to assist its injured Racers.

The Fund is administered by a team of 6 Trustees and a Secretary/Treasurer who look after the day to day affairs. There is also a team of loyal helpers who assist with fund raising events and activities.

None of the Ben Fund helpers or Trustees receive any financial remuneration for their input, all are unpaid volunteers.

The main source of income for the Fund is the annual "Benfund Bonanza" Meeting, bucket collections held at tracks, individual Fund Raising Events, donations and bequests.

The average annual expenditure for assistance provided is currently around £130,000.

The Speedway Riders' Benevolent Fund is a registered charity, number 208733.

BUXTON – HOW IT ALL BEGAN

Welcome once again to Buxton Speedway.

It's now time to look at some of the club's records – if you like, our 'best-ever' and (sadly) 'worst ever'. Buxton's Hall of Fame, and Hall of Shame.

I've used official meetings (i.e., Conference/ National League, Knockout Cup and Conference/ National Trophy) in putting these records together. Challenge matches are excluded.

Let's start with the record for biggest home win. This occurred on 23 June 2002 when Buxton demolished the Wolverhampton Wolf Cubs 70-20 in a Conference League Trophy fixture. The first six heats were maximum wins for the Hitmen – as we were then known – and three riders (Jon Armstrong, Aidan Collins and Chris Collins) were unbeaten. The meeting was marred by visiting rider Luke Priest suffering a broken ankle in a heat three crash.

On the other side of the coin, Buxton's biggest home defeat occurred on 20 May 2001 when Rye House went home from Derbyshire with a 61-28 victory. Buxton were handicapped when number one James Mann was unable to ride with a hand injury. The Hitmen used rider replacement for Mann, and failed to muster a single heat winner in any of the fifteen races that afternoon.

Buxton's biggest away win was a stunning 67-23 victory at Linlithgow in a Knockout Cup match on 26 June 1999. The home side were put in some difficulty when three of their best riders were unavailable. Only Robert Grant was able to stop Buxton riders from winning every heat, thanks to him taking the chequered flag in heat nine. Needless to say that Buxton progressed to the next round, which was the semi-final, but were knocked out by Newport.

The club's biggest away defeat was a 19-71 mauling at Wolverhampton against a rampant Cradley Heath side. Buxton riders failed to cross the line in first place in any of the fifteen races, although the Speedway Star reporter commented that the Hitmen put up a determined effort during a tough evening for the side.

Buxton's longest unbeaten run was when the Hitmen won eight successive meetings. They achieved this feat in August/September 2004, and then twice in the club's glory season of 2010.

The club's record unbeaten home run was achieved between 15 July 1995 and 22 June 1997 when Buxton either won or drew twenty meetings on the bounce here at the Hi-Edge Raceway. That great run came to an end with a crushing home defeat to Peterborough on 6 July 1997.

There was a ghastly run of form in 2017-18 when Buxton set the longest losing run in the club's history. The Hitmen lost their final fixture of the 2017 season, then their first twenty of the following year. This was ended – thankfully – with a 51-39 victory against Plymouth on 23 September 2018.

Buxton went eleven home meetings without a win, establishing the club's longest home run without a win in 2015-16. The Hitmen lost their last two fixtures of 2015, then failed to win in the next nine meetings here at the Hi-Edge Raceway. This included a draw in a Knockout Cup fixture against Cradley Heath.

And finally, the club record for the most successive away defeats is nineteen. This was set twice: in 2005-6 and 2016-17.

Up the Bulls and, as always, enjoy your speedway.

Mark Sawbridge

THANK YOU'S.....

With this being the final home meeting we want to say a BIG THANK YOU to everyone who has been involved with the club in our comeback season.

To our team sponsors Chris and Sheila Bowen at DUCTAIR

To Dave Critchlow at CRITCHLOW PLANT as associate team sponsors

To Andy Astley at ALL CLEAR who saved us with his donation of a powerful generator

To Criss at OK TSHIRT who has provided all our clothing requirements

To Donate a Light for their sponsorship and products provided

To all our heat sponsors, programme advertisers, meeting sponsors

To all our magnificent volunteers who have worked through all weathers and will be doing so again this close season

To all our meeting staff who make sure we can run every meeting

To our landlord for allowing us to have brought speedway back here and for their staff for help and support

To you the fans for getting behind us and supporting the Bulls

To the four MDL teams and their sponsors

To our investors who have backed us financially

To the 50/50 draw sellers and purchasers

To the Media and press teams for their hard work

To our photographers

To our Commercial team

To our Merch team

To the Bulls Tuck Shop team

To our track team led by John Roberts who have worked non stop improving the track

To Shaun Tedham for the new drainage system he provided

To the riders who have proudly worn the DUCTAIR Bulls body colour

To Andrew at MATCH DAY CREATIVE, our programme printer. He had never done a speedway programme before and it has been a learning curve but he has produced an excellent programme that will only get better.

Thanks to all programme contributors.

To anyone we've missed ...THANKS!!!!

ROLL ON 2027!!

TONY + MELVYN HIPKISS and LAURENCE ROGERS
